

display in a new direction compass™

Compass is a lightweight banner stand with some very cool features. An X-Style banner hub mounted to a telescopic mast with a sturdy flat base. Four practical rectangular graphic sizes are available. The banner-to-mast mount utilizes an innovative hub. The hub allows the banner to rotate at different angles as well as tilt up or down. Combine with a table throw for a unique table top display. The Compass floats above your table allowing for full use of table top space. Multiple Compass bannerstands can be used in concert to create exciting backwalls. Angle multiple banners to attract attention. Pivot your banner so your message can be seen from multiple vantage points. Compass can be used at multiple heights for all occasions and applications. Easy to set up and use, Compass will keep your message fresh and on the right course to attract your audience.
