

EVENTS

EVENTS

e4 offers the most versatile product in event planning & the expertise to deliver creative, inspired solutions and service to match! As a strategic partner and resource for event companies, e4 has successfully assisted special events, meetings and management conventions for top event companies, and allied with their teams to execute innovative, high-point solutions. Below are just a few benefits the DeltaMatrix system can provide for any event.

Versatility: Any infill - custom painted panels, slat wall, peg board, standard color infills, graphics, faux brick, stucco, plastic laminates

I&D Savings: No tools, mean quick install - quick install equals less I&D costs! Backwalls and returns go up in minutes, lights snap into place, electrical is easily hidden inside walls.

Compatibility: Easy connections to AGAM, Octanorm and large fabric frames. Plasma screens and other attachments are fast & seamless.

We integrate your vision with our creative expertise to produce and implement three-dimensional solutions.
